**Bulletin: Amending Order 1 to General Order of February 11, 2026**

The BC Vegetable Marketing Commission (the Commission) is issuing this bulletin to inform industry of a revision to the recently passed General Order. This amending order repeals and replaces Subsections 5(g) and (h).

---

**Background and Rationale**

The Farm Industry Review Board (FIRB) provided comment following the promulgation of the latest General Order on February 11, 2026. In particular, the FIRB expressed its view that Producer-Shippers are not “agencies” and therefore do not require the prior approval of the FIRB under section 8 of the *Natural Products Marketing (BC) Act Regulations*. Subsections 5(g) and (h) have therefore been updated to reflect this.
